

Cycling

Take your team that extra mile in superior cycling clothing kits

Performance is paramount, whether you're riding for a club, charity or corporate team. Packed with design and technical fabrics to keep you dry and cool, our cycling apparel is a breeze to wear when you're hammering the track or just cruising around. We can create your design, your way in your colours.

Simply choose to update your current cycling gear, or create a brand new kit for a worthy cause. It's easy when you customise our studio designs with your team colours and logos or discuss a full design service with us.

Elite chamois

Ideal for those who want the best
Male and female

Layers : four

Thickness: 14mm – 10mm – 4mm – 2mm

Fabric: Coolmax enables moisture expulsion allowing excellent moisture wicking and ventilation, heat regulation and quick drying. Polygiene antimicrobial treatment permanently inhibits bacteria making the fabric hygienic and skin friendly for outstanding wearer comfort.

Shock absorption: The Elite chamois provides maximum protection by neutralizing negative vibration during impact with the ground and distributing pressure.

Features: Airflow system, seamless, anatomic shaped, excellent moisture wicking and ventilation

Standard cycling chamois

Ideal for charity rides and short distance promotions
Male and female

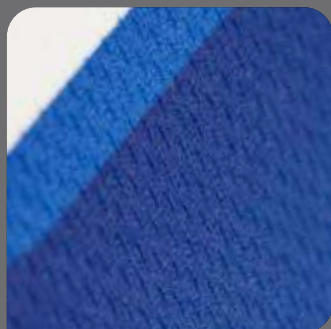

Layers: two

Thickness: 10mm – 8mm – 2mm

Fabric: Coolmax enables moisture expulsion allowing excellent moisture wicking and ventilation, heat regulation and quick drying. Polygiene antimicrobial treatment permanently inhibits bacteria making the fabric hygienic and skin friendly for outstanding wearer comfort.

Features: Seamless, anatomic shaped, excellent moisture wicking and ventilation

Cycling fabrics

Micromesh

An advanced lightweight mesh knit fabric built for optimal moisture transfer, fast drying and good sun protection.

- 120gsm & 165gsm
- 100% polyester
- hydrophilic treatment
- Ideal for jerseys

Trimesh

An open weave lightweight fabric with high stretch, constructed for optimal air flow. During high energy activities this fabric keeps the wearer cool and dry.

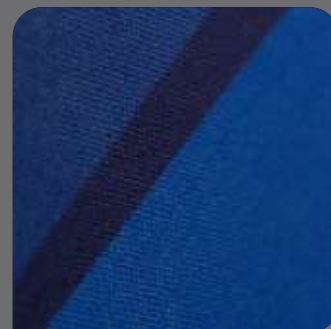

- 130gsm
- 100% polyester
- excellent for panelling
- ideal for panelling in jackets and vests

Poly Spandex

The 4-way stretch of this bright white base tricot fabric offers extra comfort and freedom of movement to enhance performance. Moisture management properties make it resistant to perspiration stains.

- 220gsm
- 80% polyester/20% spandex
- excellent for high resolution images & rich colours
- ideal for bib knicks and knicks

Taslon

This light weight woven fabric is moderately water repellent and delivers modest warmth and comfort.

- 140gsm
- 100% polyester
- ideal for jackets & vests
